

Digital Trust

Trust

- ... is the basis of everything
- ... develops because of humans
- ... develops in an interpersonal relationship
- ... cannot be enforced
- ... depends on mutuality

Trusted Computing!

Trusted Computing?

Trustworthy Computing

It depends on the User

The User

- Freedom
- Openness
- Transparency
- Creativity
- Design

Digital Trust?

Of course!

Digital Trust

=

Human Trust

Thank you!

Dr. Stephan Humer – Berlin University of the Arts - 2012
